

Lamplighters

The guidelines for Lamplighters should be same as those listed for Speakers. Pages 19 and 21 of the "Guidelines for Camp Council Rings" provide adequate definition for speakers whether they be rostered, nonrostered or lamplighter speakers.

In addition, the following criteria are recommended for selecting a lamplighter as a speaking leader:

- a) They should have been observed as a speaking leader at a Council Ring or a zone retreat. These venues are the preferred place of first exposure for new speaking leaders since those attending will be veteran CFOers.
- b) They should be chosen by the council ring and not accepted simply because they volunteered. Before being chosen, spiritual discernment, by experienced council ring members, should be prayerfully exercised concerning the person's personal character.
- c) If lamplighters are used by the camp, it is recommended they be used only as the morning speaker.

- Are constantly growing in their leadership skills.
- Are sensitive to the leading of the Holy Spirit.
- Possess an understanding of the purpose and flow of the CFO movement.
- Be in agreement with the CFO Statements of Purpose and Statement of Faith as verified on the Leader's Agreement Form (p. 45) when accepting the invitation to lead.

SPEAKERS

1. Talks presented need to invite campers to go "farther out" with Jesus Christ in Kingdom living.
2. Talks shall inspire and instruct campers through the sharing of one's personal spiritual journey, as guided by scripture and revelation.
3. Speakers lovingly relate to all campers, encouraging and uplifting them.
4. They participate well in all phases of the program.
