### WHAT IS CFO?

Camps Farthest Out are Christian gatherings in various locations in the United States, Canada, and around the world through CFO International. CFO can best be characterized as a spiritual training ground. It is time apart from the turmoil of everyday life to experience the warm presence of Jesus, the love of the Father, and the guidance of the Holy Spirit. CFO is an opportunity to practice Kingdom Living with a special emphasis on the love of God and prayer. The highest art of life is a living prayer.

As our founder, Glenn Clark, explained, "The Camps Farthest Out are dedicated to discovering the wholeness of that abundant life Christ promised, which is our rightful heritage whenever we dedicate our body, mind, and soul completely to God through play, work, and worship." We invite our campers to enter the creativity and joyous opportunities for Christian spiritual expression.

#### From the camp Chairman

I hope you will join us this summer! Simply put, we are a group of believers that come together for a week of Jesus and family. CFO is a powerful program led by the Holy Spirit that helps to equip the body of Christ to live in God's Kingdom that is here and now. It is a gathering of people from all over, of all ages, and with different denominational backgrounds so that we can be united as one body. Georgia Mountains CFO is truly a unique experience of family Kingdom living, and we would love to have you join us for our next camp!

#### Speaker: Chris Cooper

Chris Cooper first came to faith in Jesus Christ in agricultural western Nebraska as the son of two teachers. As he grew, he began to serve in CFO as well as various other camping, church, and para-church ministries, serving in various leadership roles that have included youth leader, music minister, teacher/speaker, coach, and counselor. In the final year of his studies at Wheaton College, he felt a strong call to move outside his comfort zone and accepted an invitation to Peru, South America, where Christ stretched and grew his sense of imagination and adventure. After five years of international service, Chris has spent the last decade and a half as an educator, coach, counselor, and most recently, an entrepreneur. Chris believes we are called to continued growth, to be stretched and go farther out as we delve deeper into the mysteries of life and faith. He believes in the transformational power of deep Christian community. Chris' passion is to confess the overwhelming love of Christ to all peoples and to build rhythms that unite, rebuild, and restore.
